Notice-and-Access

The details of all matters proposed to be put before shareholders at the Meeting are set forth in the Circular. The Corporation has decided to use the notice-and-access model for delivery of meeting materials to its registered and beneficial shareholders. Under notice-and-access, shareholders still receive a proxy or voting instruction form enabling them to vote at the Corporation's meeting. However, instead of a paper copy of the Circular, the Corporation's annual financial statements for the year ended December 31, 2012 (**Annual Financial Statements**) and associated management's discussion and analysis (**Annual MD&A**) and additional materials, shareholders receive this notice with information on how they may access such materials electronically. The use of this alternative means of delivery is more environmentally friendly as it will help reduce paper use and also will reduce the cost of printing and mailing materials to shareholders. **SHAREHOLDERS ARE REMINDED TO REVIEW THE CIRCULAR PRIOR TO VOTING.**

Shareholders with questions about notice-and-access can call toll free at 1-877-664-8948.

The Circular, Annual Financial Statements, Annual MD&A and additional materials can be viewed online on the Corporation's pages on SEDAR at www.sedar.com as well as at the following internet address:

MANAGEMENT INFORMATION CIRCULAR

SOLICITATION OF PROXIES

This Management Information Circular is furnished in connection with the solicitation of proxies by the management of **XPEL TECHNOLOGIES CORP.** (the "Corporation") for use at the annual and special meeting of holders ("Shareholders") of common shares ("Common Shares") of the Corporation (the "Meeting") to be held at the time and place and for the purposes set forth in the accompanying Notice of Meeting and at any adjournment thereof. The information contained herein is given as of May 23, 2013 except where otherwise indicated.

PERSONS OR COMPANIES MAKING THE SOLICITATION

This solicitation is made on behalf of the management of the Corporation. Solicitations will be made by mail and possibly supplemented by telephone or other personal contact to be made by regular officers and employees of the Corporation who will not be directly compensated therefore. The cost of solicitation by management will be borne directly by the Corporation.

In accordance with National Instrument 54-101 *Communications with Beneficial Owners of Securities of a Reporting Issuer* ("NI 54-101"), arrangements have been made with brokerage houses and other intermediaries, clearing agencies, custodians, nominees and fiduciaries to forward proxy-related materials to certain beneficial owners of the Common Shares held of record by such persons and the Corporation may reimburse such persons for reasonable fees and disbursements incurred by them in doing so. The costs thereof will be borne by the Corporation. See "Advice to Beneficial Shareholders".

NOTICE-AND-ACCESS

The Corporation is utilizing the notice-and-access mechanism that came into effect on February 11, 2013 for distribution of this Management Information Circular to registered Shareholders and beneficial Shareholders. Notice-and-access is a new set of rules that allows issuers to post electronic versions of proxy-related materials (such as proxy circulars and annual financial statements) on-line, via the SEDAR website at www.sedar.com and one other website, rather than mailing paper copies of such materials to Shareholders.

The Corporation anticipates that notice-and-access will directly benefit the Corporation through a substantial reduction in both postage and printing costs and also promote environmental responsibility by decreasing the large volume of paper documents generated by printing proxy-related materials.

Registered Shareholders and beneficial Shareholders with questions about notice-and-access can call the Corporation toll free at 1-877-664-8948.

Registered Shareholders and beneficial Shareholders may obtain paper copies of this Management Information Circular and the Corporation's annual audited financial statements for the financial year ended December 31, 2012 ("Annual Financial Statements") and associated management's discussion and analysis ("Annual MD&A") by postal delivery at no cost to them. Requests may be made up to one year from the date the Circular was filed on SEDAR by: (a) faxing a request to the Corporation at +1 (210) 678-3701; (b) calling the Corporation toll free at 1-877-664-8948; (c) mailing a request to the Corporation, 618 W. Sunset Road, San Antonio, Texas 78216 Attention: Chief Executive Officer; or (d) sending a request through investor@xpel.com. In order to receive the Management

Information Circular, Annual Financial Statements and Annual MD&A in sufficient time to allow for review and return of the proxy by the due date, a request for paper copies should be sent so that it is received by the Corporation no later than the end of business on June 13, 2013.

APPOINTMENT AND REVOCATION OF PROXIES

The persons named in the form of proxy furnished by the Corporation are officers and/or directors of the Corporation (the "Management Designees"). **A Shareholder has the right to appoint a person, other than the Management Designees to attend and act for him or her on his or her behalf at the Meeting.** To exercise this right, a Shareholder must strike out the names of the Management Designees and insert the name of his or her nominee in the blank space provided, or complete another proxy. Those Shareholders desiring to be represented at the Meeting by proxy must deposit their completed proxy with the Corporation's Registrar and Transfer Agent, Equity Financial Trust Company ("Equity"), Suite 400, 200 University Avenue, Toronto, Ontario M5H 4H1, Fax: (416) 595-9593 by no later than 10:00 a.m. (Toronto time) on **June 28, 2013** or at least 48 hours before the time of any adjournment of the Meeting, excluding Saturdays, Sundays and holidays. A proxy must be signed by the Shareholder or by his or her attorney in writing, or, if the Shareholder is a corporation, it must either be under its common seal or signed by a duly authorized officer. A proxy is valid only at the Meeting in respect of which it is given or any adjournment of the Meeting.

A Shareholder has the right to revoke an instrument of proxy given by it under NRS 78.355 (Nevada Revised Statutes). A Shareholder may revoke an instrument of proxy by depositing an instrument in writing executed by it or its attorney authorized in writing at the registered office of the Corporation at any time up to and including the last business day preceding the day of the Meeting, or any adjournment thereof, at which the proxy is to be used or with the Chairman of the Meeting on the day of the Meeting or any adjournment thereof or in any other manner permitted by law.

The close of business on May 23, 2013 is the record date for the determination of Shareholders who are entitled to notice of, and to attend and vote at, the Meeting (the "Record Date").

ADVICE TO BENEFICIAL SHAREHOLDERS

The information set forth in this section is of significant importance to many Shareholders, as a substantial number of Shareholders do not hold Common Shares in their own name. Only registered Shareholders of the Corporation or duly appointed proxyholders are permitted to vote at the Meeting. Most Shareholders of the Corporation are "non-registered" or "beneficial" Shareholders because the Common Shares of the Corporation they own are not registered in their names but are instead registered in the name of the brokerage firm, bank or trust company through which they purchased the shares. A person is not a registered shareholder (a "Beneficial Shareholder") in respect of shares which are held either: (a) in the name of an intermediary (an "Intermediary") that the Beneficial Shareholder deals with in respect of the shares (Intermediaries include, among others, banks, trust companies, securities dealers or brokers and trustees or administrators of self-administered RRSPs, RRIFs, RESPs and similar plans); or (b) in the name of a clearing agency (such as The Canadian Depository for Securities Limited ("CDS")), of which the Intermediary is a participant.

Common Shares held by an Intermediary (or their agents or nominees) can only be voted or withheld at the direction of the Beneficial Shareholder. Without specific instructions, Intermediary or their agents and nominees are prohibited from voting Common Shares for their clients. Each Beneficial Shareholder should therefore ensure that voting instructions are communicated to the appropriate person well in advance of the Meeting.

Although a Beneficial Shareholder may not be recognized directly at the Meeting for the purposes of voting Common Shares registered in the name of an Intermediary, a Beneficial Shareholder may attend at the Meeting as a proxyholder for the registered Shareholder and vote the Common Shares in that capacity. **Beneficial Shareholders who wish to attend the Meeting and indirectly vote their Common Shares as proxyholder for the registered Shareholder,**

should enter their own names in the blank space on the form of proxy provided to them and return the same to their Intermediary (or the agent of such Intermediary) in accordance with the instructions provided by such Intermediary well in advance of the Meeting.

There are two kinds of Beneficial Shareholders ó those who object to their name being made known to the issuers of securities which they own (called **“OBOs”** for Objecting Beneficial Owners) and those who do not object to the issuers of securities they own knowing who they are (called **“NOBOs”** for Non-Objecting Beneficial Owners). In accordance with the requirements of NI 54-101, the Corporation has elected to send proxy-related materials directly to the NOBOs, and indirectly through Intermediaries to the OBOs. The Intermediaries (or their service companies) are responsible for forwarding the meeting materials to each OBO, unless the OBO has waived the right to receive them.

NOBOs

The Corporation has decided to take advantage of those provisions of NI 54-101 that permit it to directly deliver proxy-related materials to NOBOs of the Corporation who have not waived the right to receive such materials. As a result, NOBOs of the Corporation can expect to receive a voting instruction form (**“VIF”**) from the Corporation’s registrar and transfer agent, Equity. These VIFs are to be completed and returned to Equity following the instructions provided in the form. Equity will tabulate the results of the VIFs received from NOBOs and will provide appropriate instructions at the Meeting with respect to the Common Shares represented by the VIFs received by it. Should a NOBO of the Corporation wish to vote at the Meeting in person, the NOBO must, as set forth in the VIF, print their name in the Appointee box and return it to Equity. This will grant the NOBO the right to attend the Meeting and vote in person. NOBOs of the Corporation that wish to change their vote must, in sufficient time in advance of the Meeting, contact Equity to change their vote.

These securityholder materials are being sent to both registered and non-registered owners of the securities. If you are a non-registered owner, and the Corporation or its agent has sent these materials directly to you, your name, address and information about your holdings of securities have been obtained in accordance with applicable securities regulatory requirements from the Intermediary holding the securities on your behalf. By choosing to send these materials to you directly, the Corporation (and not the Intermediary holding on your behalf) has assumed responsibility for (i) delivering these materials to you; and (ii) executing your proper voting instructions. Please return your voting instructions as specified in the request for voting instructions.

OBOs

In accordance with the requirements of NI 54-101, proxy-related materials will be distributed to the clearing agencies and Intermediaries for onward distribution to OBOs of the Corporation. Intermediaries are required to forward such materials to OBOs of the Corporation unless the OBO has waived the right to receive them. Very often, Intermediaries will use service companies to forward the Information Circular to OBOs.

Generally, an OBO who has not waived the right to receive meeting materials will either:

- (a) be given a form of proxy which has already been signed by the Intermediary (typically by a facsimile, stamped signature), which is restricted as to the number of shares beneficially owned by the OBO and must be completed, but not signed, by the OBO and deposited with Equity; or
- (b) more typically, be given a VIF which is not signed by the Intermediary, and which, when properly completed and signed by the OBO and returned to the Intermediary or its service company, will constitute voting instructions which the Intermediary must follow.

The purpose of this procedure is to permit OBOs to direct the voting of the Common Shares that they beneficially own. Should an OBO of the Corporation wish to vote at the Meeting in person, the OBO should follow the procedure in the request for voting instructions provided by or on behalf of the Intermediary and print their name in the Appointee box

which will grant the OBO the right to attend the Meeting and vote in person. OBOs of the Corporation should carefully follow the instructions of their Intermediary, including those regarding when and where the completed request for voting instructions is to be delivered. OBOs of the Corporation who wish to change their vote must, in sufficient time in advance of the Meeting, arrange with their respective Intermediaries to change their vote and if necessary revoke their proxy in accordance with the revocation procedures set out above.

All references to Shareholders in this Circular and the accompanying form of Proxy and Notice are to Shareholders of record on the Record Date unless specifically stated otherwise.

VOTING AND EXERCISES OF DISCRETION BY PROXIES

The proxy affords the shareholder an opportunity to instruct his or her proxy how to vote the shares registered in his or her name by completing the blanks on the proxy. All Common Shares represented at the Meeting by properly executed proxies will be voted for or against or withheld from voting (including the voting on any ballot) in respect of each proposed resolution, as the case may be, and where a choice with respect to any matter to be acted upon has been specified in the proxy, the Common Shares represented by the proxy will be voted in accordance with such specification. **In the absence of any such specification as to voting on the proxy, the Management Designees, if named as proxy, will vote in favour of all of the matters set out therein.**

The enclosed proxy, when properly signed, confers discretionary authority with respect to amendments or variations to the matters identified in the Notice of Meeting and any matters which may properly be brought before the Meeting. At the time of printing of this Management Information Circular, management of the Corporation is not aware that any such amendments, variations or other matters are to be presented for action at the Meeting. However, if any other matters which are not now known to the management should properly come before the Meeting, the proxies hereby solicited will be exercised on such matters in accordance with the best judgment of the nominee.

VOTING SECURITIES AND PRINCIPAL HOLDERS THEREOF

The authorized capital of the Corporation consists of 100,000,000 of Common Shares and 10,000,000 preferred shares. As of the Record Date 25,784,950 Common Shares were issued and outstanding, with each share carrying the right to one vote.

At the Meeting, on a show of hands, every Shareholder holding Common Shares, present in person, shall have one vote and, on a ballot, every Shareholder holding Common Shares shall have one vote for each Common Share of which he or she is the holder.

Only Shareholders of record on the close of business on the Record Date, who either personally attend the Meeting or who complete and deliver a proxy in the manner and subject to the provisions set out under the heading *“Appointment and Revocation of Proxies”* will be entitled to have his or her shares voted at the Meeting or any adjournment thereof. If the shareholder has transferred any of his or her shares after the Record Date and the transferee of those shares produces properly endorsed share certificates or otherwise establishes that the transferee owns the shares and demands, not later than ten days before the Meeting, the transferee shall be entitled to vote his or her shares at the Meeting.

The following table shows, as at the date hereof, each person who, to the knowledge of the Corporation's Directors or Executive Officers, beneficially owns, or controls or directs, directly or indirectly, voting securities carrying 10% or more of the voting rights attached to any class of outstanding voting securities of the Corporation.

INTEREST OF CERTAIN PERSONS IN MATTERS TO BE ACTED UPON

Other than as discussed elsewhere in this Management Information Circular, none of the Directors or Executive Officers of the Corporation, no proposed nominee for election as a Director of the Corporation, none of the persons who have been Directors or Executive Officers of the Corporation since the commencement of the Corporation's last completed financial year and no associate or affiliate of any of the foregoing persons has any material interest, direct or indirect, by way of beneficial ownership of securities or otherwise, in any matter to be acted upon at the Meeting other than the election of Directors except as described below.

All of the Directors and Officers of the Corporation may, in the future, hold options to acquire Common Shares pursuant to the stock option plan of the Corporation (the "Stock Option Plan"). At the Meeting, the shareholders will be asked to consider, and if thought appropriate, approve an ordinary resolution approving the Stock Option Plan for 2013. See "Approval of Stock Option Plan".

EXECUTIVE COMPENSATION

COMPENSATION DISCUSSION AND ANALYSIS

Overview

The Board of Directors (the "Board") is responsible for determining the overall compensation strategy of the Corporation and administering the Corporation's Executive Compensation Program. As part of its mandate, the Board approves the appointment and remuneration of the Corporation's Executive Officers, including the Corporation's Named Executive Officers identified in the Summary Compensation Table. The Board is also responsible for reviewing the Corporation's compensation policies and guidelines generally.

Objectives of Compensation Program

It is the objective of the Executive Compensation Program to attract and retain highly qualified executives and to link incentive compensation to performance and shareholder value, while at the same time keeping in mind that the Corporation currently has limited financial resources. It is the goal of the Board to endeavour to ensure that the compensation of Executive Officers is sufficiently competitive to achieve the objectives of the Executive Compensation Program. The Board gives consideration to the Corporation's long-term interests and quantitative financial objectives, as well to the qualitative aspects of the individual's performance and achievements. The Corporation's primary compensation policy is to pay for performance and accordingly, the performance of the Corporation and of the Executive Officers as individuals are both examined by the Board.

Role of Executive Officers in Compensation Decisions

The Board receives and reviews recommendations of the Chief Executive Officer relating to the general compensation structure and policies and programs for the Corporation and the salary and benefit levels for the Executive Officers.

Compensation Review Process

When determining compensation, including the assessment of the Corporation's Compensation Program, management and the Board reviews the compensation practices of companies in its selected peer group. Together with this comparative information, the Chief Executive Officer annually assesses the individual performance and development of each executive Officer and recommends to the Board the appropriate salary, annual incentive and long-term incentive for each individual. The Board then reviews those recommendations in conjunction with its own review of the Corporation's performance, executive performance and comparative data and discusses and approves the compensation package.

The Board does not set specific performance objectives in assessing the performance of the Chief Executive Officer and other Executive Officers; rather the Board uses its experience and judgment in determining an overall compensation package for the Chief Executive Officer and other Executive Officers. The Board assesses the performance of the Corporation and its Executive Officers relative to the Corporation's goals and objective and in relation to the performance of the Corporation's industry peer group.

Principal Components of Compensation Program

The Executive Compensation Program is comprised of three principal components: base salaries, stock option plan, and incentive bonus compensation which are designed to provide compensation to effectively retain and motivate the Executive Officers to achieve the corporate goals and objectives. Other components of the Executive Compensation Program include perquisites and other personal benefits. Each component of the Executive Compensation Program is addressed separately below. The fixed element of compensation provides a competitive base of secure compensation required to attract and retain executive talent. The variable performance based compensation is designed to encourage both short-term and long-term performance of the Corporation.

Base Salaries

The base salary component is intended to provide a fixed level of competitive pay that reflects each executive Officer's primary duties and responsibilities and the level of skills and experience required to successfully perform his role. The Corporation intends to pay base salaries to its Executive Officers, including the Chief Executive Officer, that are competitive with those for similar positions within the Corporation's selected peer group. Salaries for Executive Officers are reviewed annually based on corporate and personal performance and on individual levels of responsibility. Salaries of the Executive Officers are not determined based on benchmarks or a specific formula. The Board determines the salary of the Chief Executive Officer. The Board considers, and, if thought appropriate, approves salaries recommended by the Chief Executive Officer for the other Executive Officers of the Corporation.

Incentive Bonus Compensation

In addition to base salaries, the Corporation can award discretionary bonuses to Executive Officers. The bonus element of the Corporation's Executive Compensation Program is designed to retain top quality talent and reward both corporate and individual performance during the Corporation's last completed financial year. To determine bonus awards for Executive Officers, including the Named Executive Officers, the Board considers both the executive's personal performance and the performance of the Corporation relative to its peers. The amount of the bonus paid is not set in relation to any formula or specific criteria but is the result of a subjective determination of the Corporation's and the individual's performance. The proposed bonus amounts for Executive Officers are recommended by the Chief Executive Officer for review, discussion and approval by the Board of Directors.

Stock Option Plan

A rolling incentive share option plan for Directors, Officers, key employees and consultants of the Corporation was most recently approved by the Shareholders of the Corporation at the annual and special meeting of the Shareholders held on June 29, 2012 (the **Stock Option Plan**). The Stock Option Plan provides that options will be issued pursuant to option agreements (the **Option Agreements**) which shall provide for the expiration of such options on a date not later than five (5) years after the issuance of such option. A maximum number of Common Shares equal to ten percent (10%) of the issued and outstanding Common Shares, from time to time, may be reserved for issuance under the Stock Option Plan provided that options may not be granted in any twelve (12) month period to an individual to purchase in excess of five percent (5%) of the then outstanding Common Shares unless disinterested shareholder approval is obtained. Options issued pursuant to the Plan shall have an exercise price determined by the Directors of the Corporation, provided that the exercise price shall not be less than the price permitted by the TSX Venture Exchange Inc. (the **Exchange**). See *Approval of Stock Option Plan* for additional information relating to the Stock Option Plan.

The executive compensation policy of the Corporation is determined with a view to securing the best possible talent to run the Corporation. Executive Officers expect to reap additional income from the appreciation in the value of the Common Shares they hold in the Corporation, including stock options. Options are awarded to Executive Officers in lieu of higher salaries.

The grant of stock options under the Corporation's existing stock option plan is designed to give each option holder an interest in preserving and maximizing Shareholder value in the longer term and to reward employees for both past and future performance. Individual grants are determined by an assessment of an individual's current and expected future performance, level of responsibilities and the importance of his position with and contribution to the Corporation.

Executive Officers, along with all of the Corporation's Officers, Directors, employees, contractors and other service providers, are eligible to participate in the Stock Option Plan. The Stock Option Plan provides a long-term incentive designed to focus and reward eligible participants for enhancing total Shareholder return over the long-term both on an absolute and relative basis. The Stock Option Plan promotes an ownership perspective among the executives, encourages the retention of key executives and provides an incentive to enhance Shareholder value by furthering the Corporation's growth and profitability. Participation in the Stock Option Plan rewards overall corporate performance, as measured through the price of the Common Shares. In addition, the Stock Option Plan enables executives to develop and maintain a significant ownership position in the Corporation. This results in a significant portion of executive compensation being at risk and directly linked to the achievement of business results and long-term value creation.

Options are normally recommended by management and approved by the Board upon the commencement of an individual's employment with the Corporation based on the level of their respective responsibility within the Corporation. Additional grants may be made periodically, generally on an annual basis, to ensure that the number of options granted to any particular individual is commensurate with the individual's level of ongoing responsibility within the Corporation. In considering additional grants, a number of factors are considered including the number of options held by such individual, the exercise price and implied value of the options, the term remaining on those options and the total number of options the Corporation has available for grant under its Stock Option Plan.

Perquisites and Other Components

Other components of compensation include perquisites and personal benefits as determined by the Board that are consistent with the overall compensation strategy. There is no formula for how perquisites or personal benefits are utilized in the total compensation package.

The Corporation does not provide any pension or retirement benefits to its Executive Officers.

Benchmarks

Salaries of the Executive Officers are not determined based on benchmarks or a specific formula.

Compensation of Directors

In designing a Compensation Program for non-executive Directors, the Board's objective is to ensure that the Corporation attracts and retains highly qualified, committed and talented Members of the Board with an extensive and relevant breadth of experience, as well as to align the interests of Directors with those of its Shareholders.

The Board sets the compensation of non-executive Directors and annually reviews such compensation and make such adjustments as it considers appropriate and necessary to recognize the workload, time commitment and responsibility of the Board and Committee Members and to remain competitive with Director compensation trends in Canada.

Risks Associated with Compensation Policies and Practices

The oversight and administration of the Corporation's Executive Compensation Program requires the Board to consider risks associated with the Corporation's compensation policies and practices. Potential risks associated with compensation policies and compensation awards are considered at annual meetings of the Board at which compensation related recommendations to the Board are formulated.

The Corporation's executive compensation policies and practices are intended to align management incentives with the long-term interests of the Corporation and its Shareholders. In each case, the Corporation seeks an appropriate balance of risk and reward. Practices that are designed to avoid inappropriate or excessive risks include (i) the Corporation's operating strategy and related compensation philosophy, (ii) the effective balance, in each case, between cash and equity mix, near-term and long-term focus, corporate and individual performance, and financial and non-financial performance; and (iii) a multi-faceted approach to performance evaluation and compensation that does not reward an executive for engaging in risky behaviour to achieve one objective to the detriment of other objectives.

Based on this review, the Board believes that the Corporation's total Executive Compensation Program does not encourage Executive Officers to take unnecessary or excessive risk.

The Corporation does not prohibit the Named Executive Officers (as defined below) or the Directors of the Corporation from purchasing financial instruments, including, for greater certainty, prepaid variable forward contracts, equity swaps, collars, or units of exchange funds, that are designed to hedge or offset a decrease in market value of equity securities granted as compensation or held, directly or indirectly, by such person. The Named Executive Officers and Directors have advised the Corporation that they have not entered into any such arrangements. To the extent that they subsequently enter into an agreement, arrangement or understanding that has the effect of altering, directly or indirectly, their economic exposure to the Corporation, insider reporting laws in Canada provide that they must file a report disclosing the existence and material terms of the agreement, arrangement or understanding within five days of the event.

Compensation Governance

The policies and practices adopted by the Board to determine the compensation of the Corporation's Executive Officers and Directors is described under "*Executive Compensation – Compensation Discussion and Analysis*". The Board has not established a compensation committee nor has it retained a compensation consultant or advisor at any time since the beginning of the Corporation's most recently completed financial year to assist the Board in determining compensation for any of the Corporation's Directors or Executive Officers.

Named Executive Officers of the Corporation

Set out below are particulars of compensation paid to the following persons (the "Named Executive Officers"):

- (a) the Corporation's Chief Executive Officer ("CEO");
- (b) the Corporation's Chief Financial Officer ("CFO");
- (c) the Corporation's Chief Operating Officer ("COO");
- (d) each of the Corporation's three most highly compensated Executive Officers, other than the CEO, CFO and COO, who were serving as Executive Officers at the end of the most recently completed fiscal year and whose total salary and bonus exceeds \$150,000 per year, and
- (e) any additional individuals for whom disclosure would have been provided under (d) but for the fact that the individual was not serving as an Officer of the Corporation at the end of the most recently completed fiscal year.

During the fiscal year ended December 31, 2012, the Corporation had three Named Executive Officers, namely Christen L. Coffee, Timothy A. Hartt and Ryan L. Pape.

Response of the Corporation

The Board consists of four directors, of whom Mark E. Adams, John A. Constantine and Richard K. Crumly are independent. None of the independent directors has any direct or indirect material relationship with the Corporation (other than shareholdings) which could, in the view of the Corporation's Board, reasonably interfere with the exercise of a director's independent judgment. Ryan Pape is not independent by virtue of being the Chief Executive Officer of the Corporation.

2. Directorships

If a Director is presently a Director of any other issuer that is a reporting issuer (or the equivalent) in a jurisdiction or a foreign jurisdiction, identify both the Director and the other issuer.

Response of the Corporation

None of the Corporation's directors serve as a director for any other reporting issuer.

3. Orientation and Continuing Education

Describe what steps, if any, the Board of Directors takes to orient new board Members, and describe any measures the Board of Directors takes to provide continuing education for Directors.

Response of the Corporation

Orientation and education of new members of the Board is conducted informally by management and members of the Board. The orientation provides background information on the Corporation's history, performance and strategic plans. All new directors are provided with copies of the Corporation's board and committee mandates and policies, the Corporation's by-laws and other reference materials. Prior to joining the board, each new director will meet with the Chief Executive Officer of the Corporation. Such officer is responsible for outlining the business and prospects of the Corporation, both positive and negative, with a view to ensuring that the new director is properly informed to commence his duties as a director. Each new director is also given the opportunity to meet with the auditors and counsel to the Corporation.

4. Ethical Business Conduct

Describe what steps, if any, the Board of Directors takes to encourage and promote a culture of ethical business conduct.

Response of the Corporation

The directors encourage and promote a culture of ethical business conduct through communication and supervision as part of their overall stewardship responsibility. The Board has not adopted a formal written code of ethics. The Board is of the view that the requirements of the Audit Committee Charter and the ability of the members of the Board to reference outside professional advisors, facilitate the Corporation meeting ethical business standards.

5. Nomination of Directors

Disclose what steps, if any, are taken to identify new candidates for the Board of Directors nomination, including:

- a. who identifies new candidates; and
- b. the process of identifying new candidates.

Response of the Corporation

Given the size of the Board and nature of development of the Corporation's business, the Board has not appointed a nomination committee or put in place formal procedures for the identification of new Board member candidates. All of the directors assess the composition of the Board and are responsible for identifying potential director nominees, with the goal of ensuring that the Board consists of an appropriate number of directors who collectively possess the competencies identified as being appropriate to the effectiveness of the Board as a whole. All directors are afforded an opportunity to propose nominees by communicating such recommendation to the Board as a whole.

6. Compensation

Disclose what steps, if any, are taken to determine compensation for the Directors and Chief Executive Officer, including:

- a. who determines compensation; and
- b. the process of determining compensation.

Response of the Corporation

Members of the Board may be compensated for acting as directors, through fees. In the future, members of the Board may also be compensated through equity-based compensation, including stock options or restricted share grants. Presently, no members of the Board have received any equity-based compensation. The Board as a whole is responsible for reviewing the Corporation's overall compensation strategy and determines the fees for each director taking into account such matters as time commitment, responsibility and compensation provided by comparable organizations. Please see *Executive Compensation – Compensation Discussion and Analysis* for additional information regarding the role of the Board in determining compensation for directors and the Chief Executive Officer.

7. Other Board Committees

If the Board of Directors has standing committees other than the audit, compensation and nominating committees, identify the committees and describe their function.

Response of the Corporation

The Board is satisfied that in view of the size and composition of the Board, it is more efficient and cost effective for the full Board to perform the duties that would be required by standing committees, other than the Audit Committee.

8. Assessments

Disclose what steps, if any, that the Board of Directors takes to satisfy itself that the Board of Directors, its committees, and its individual Directors are performing effectively.

Response of the Corporation

The Board does not, at present, have a formal process in place for assessing the effectiveness of the Board as a whole, its committees or individual directors, but will consider implementing one in the future should circumstances warrant. The Board considers individual director performance assessments are not warranted, given the Corporation's stage of development, the director's shareholdings and the required time commitment to the affairs of the Corporation. The Board plans to continue evaluating its own effectiveness on an ad hoc basis.

Any Options granted to a personal holding company shall be cancelled immediately upon any change in control of such personal holding company, save and except in the event of the death of the principal of such personal holding company, in which case, subject to the terms of the Stock Option Agreement, the provisions of subparagraph 5 (f) (iii) shall apply.

2. **ADMINISTRATION:** The Plan shall be administered by the Board of Directors from time to time of the Company (the "Administrator"). No Member of the Board of Directors shall by virtue of such appointment be disqualified or ineligible to receive such options. The Administrator shall have full authority to interpret the Plan and to make such rules and regulations and establish such procedures as it deems appropriate for the administration of the Plan, taking into consideration the recommendations of management, and the decision of the Administrator shall be binding and conclusive. The decision of the Administrator shall be binding, provided that notwithstanding anything herein contained, the Administrator may from time to time delegate the authority vested in it under this clause to the President who shall thereupon exercise all of the powers herein given to the Administrator, subject to any express direction by resolution of the Board of Directors of the Company from time to time and further provided that a decision of the majority of persons comprising the Board of Directors in respect of any matter hereunder shall be binding and conclusive for all purposes and upon all persons. The senior Officers of the Company are authorized and directed to do all things and execute and deliver all instruments, undertakings and applications, as they in their absolute discretion consider necessary for the implementation of the Plan.

3. **NUMBER OF SHARES SUBJECT TO OPTIONS:** The Board of Directors of the Company will make available that number of Common Shares for the purpose of the Plan that it considers appropriate except that the number of Common Shares that may be issued pursuant to the exercise of Options under the Plan and under any other stock options of the Company shall not exceed 10% of the Common Shares issued and outstanding (on a non-diluted basis) at any time and from time to time. In the event that Options granted under the Plan, and under any other stock options of the Company which may be in effect at a particular time, are surrendered, terminate or expire without being exercised in whole or in part, new Options may be granted covering the Common Shares not purchased under such lapsed Options.

4. **PARTICIPATION:** Options shall be granted under the Plan only to Optionees as shall be designated from time to time by the Administrator and shall be subject to the approval of such regulatory authorities as the Administrator shall designate, which shall also determine the number of shares subject to such Option. Optionees who are consultants of the Company or an Affiliate of the Company must either perform services for the Company on an ongoing basis or provide, or be expected to provide, a service of value to the Company or to an Affiliate of the Company. The Company represents that no option shall be granted to any Employee or Consultant who is not a bona fide Employee or Consultant.

5. TERMS AND CONDITIONS OF OPTIONS: The terms and conditions of each Option granted under the Plan shall be set forth in written Stock Option Agreements between the Company and the Optionee. Such terms and conditions shall include the following as well as other such provisions, not inconsistent with the Plan, as may be deemed advisable by the Administrator:

(i) **Number of Shares subject to Option to any one Optionee:** The number of shares subject to an option shall be determined from time to time by the Administrator; but no one Optionee shall be granted an Option which when aggregated with any other options or Common Shares allotted to such Optionee under the Plan exceed 5% of the issued and outstanding Common Shares of the Company (on a non-diluted basis), the number of options granted to any employee providing investors relations activities or to any other consultant shall not exceed 2% of the issued and outstanding Common Shares of the Company (on a non-diluted basis), the total number of options granted to all persons providing investor relations activities to the Company in any 12 month period shall not exceed 2% of the issued and outstanding Common Shares of the Company (on a non-diluted basis) and the Option Price per common share shall be determined in accordance with subparagraph (b) below.

(ii) **Option Price:** The Option Price of any shares in respect of which an Option may be granted under the Plan shall be not less than the market price less the allowable discount permitted by the rules of any stock exchange on which the Common Shares of the Company trade. In the resolution allocating any Option, the Administrator may determine that the date of grant aforesaid shall be a future date determined in the manner specified by such resolution. The Administrator may also determine that the Option Price per share may escalate at a specified rate dependent upon the year in which any Option to purchase Common Shares may be exercised by the Optionee. No options granted to Related Parties may be repriced without the approval of a majority of the Shareholders of the Company exclusive of any Related Parties.

(iii) **Payment:** The full purchase price of shares purchased under the Option shall be paid in cash upon the exercise thereof. A holder of an Option shall have none of the rights of a stockholder until the shares are issued to him. All Common Shares issued pursuant to the exercise of Options granted or deemed to be granted under the Plan, will be so issued as fully paid and non-assessable Common Shares. No Optionee or his legal representatives, legatees or distributees will be, or will be deemed to be, a holder of any Common Shares subject to an Option under this Plan, unless and until certificates for such Common Shares are issued to him or them under the terms of the Plan.

(iv) **Term of Options:** Options may be granted under this Plan exercisable over a period not exceeding five (5) years. Each Option shall be subject to earlier termination as provided in subparagraph (f) below.

(v) **Exercise of Options:** The exercise of any Option will be contingent upon receipt by the Company at its head office of a written notice of exercise, specifying the number of Common Shares with respect to which the Option is being exercised, accompanied by cash payment, certified cheque or bank draft for the full purchase price of such Common Shares with respect to which the Option is exercised. An Option may be exercised in full or in part during any year of the term of the Option as provided in the written Stock Option Agreement; provided however that except as expressly provided herein or as provided in any valid Stock Option Agreement approved by the Administrator, no Option may be exercised unless that Optionee is then a Director and/or in the employ of the Company. This Plan shall not confer upon the Optionee any right with respect to continuance as a Director, Officer, employee or consultant of the Company or of any affiliate of the Company.

(vi) **Termination of Options:** Any Option granted pursuant hereto, to the extent not validly exercised, and save as expressly otherwise provided herein, will terminate on the earlier of the following dates:

(i) The date of expiration specified in the Stock Option Agreement, being not more than five (5) years after the date the Option was granted;

- (ii) The date of termination of the Optionee's employment or upon ceasing to be a Director and/or Officer of the Company or up to a period not exceeding three (3) months thereafter for any cause other than by retirement, permanent disability or death unless the Optionee was retained to provide Investor Relations Activities in which case up to a period not exceeding thirty (30) days thereafter;
- (iii) One (1) year after the date of the Optionee's death during which period the Option may be exercised only by the Optionee's legal representative or the person or persons to whom the deceased Optionee's rights under the Option shall pass by will or the applicable laws of descent and distribution, and only to the extent the Optionee would have been entitled to exercise it at the time of his death if the employment of the Optionee had been terminated by the Company on such date;
- (iv) Three (3) months after termination of the Optionee's employment by permanent disability or retirement under any Retirement Plan of the Company during which three (3) month period the Optionee may exercise the Option to the extent he was entitled to exercise it at the time of such termination provided that if the Optionee shall die within such three (3) month period, then such right shall be extended to six (6) months following the death of the Optionee and shall be exercisable only by the persons described in subparagraph (f) (iii) hereof and only to the extent therein set forth.
- (vii) Non-transferability of Options: No Option shall be transferable or assignable by the Optionee other than by the laws of descent and distribution and shall be exercisable during his lifetime only by him.
- (viii) Applicable Laws or Regulations: The Company's obligation to sell and deliver stock under each Option is subject to such compliance by the Company and any Optionee as the Company deems necessary or advisable with all laws, rules and regulations of Canada and the United States of America and any Provinces and/or States thereof applying to the authorization, issuance, listing or sale of securities and is also subject to the acceptance for listing of the Common Shares which may be issued in exercise thereof by each stock exchange upon which the shares of the Company are listed for trading.

6. ADJUSTMENT IN EVENT OF CHANGE IN STOCK: Each Option shall contain uniform provisions in such form as may be approved by the Administrator to appropriately adjust the number and kind of shares covered by the Option and the exercise price of shares subject to the Option in the event of a declaration of stock dividends, or stock subdivisions or consolidations or reconstruction or reorganization or recapitalization of the Company or other relevant changes in the Company's capitalization (other than issuance of additional shares) to prevent substantial dilution or enlargement of the rights granted to the Optionee by such Option, and the Option Price thereof shall be adjusted appropriately by the Administrator and such adjustment shall be effective and binding for all purposes of the Plan.

7. AMALGAMATION, CONSOLIDATION OR MERGER: If the Company amalgamates, consolidates or merges with or into another corporation, which it reserves the right to do, any Common Shares receivable on the exercise of an Option granted under the Plan shall be converted into the securities, property or cash which the Optionee would have received upon such amalgamation, consolidation or merger if the Optionee had exercised his Option immediately prior to the record date applicable to such amalgamation, consolidation or merger, and the Option Price shall be adjusted appropriately by the Administrator and such adjustment shall be binding for all purposes of the Plan.

8. APPROVALS: The obligation of the Company to issue and deliver the Common Shares in accordance with the Plan is subject to any approvals, which may be required from any regulatory authority or stock exchange having jurisdiction over the securities of the Company. If any Common Shares cannot be issued to any Optionee for whatever reason, the obligation of the Company to issue such Common Shares shall terminate and any Option exercise price paid to the Company will be returned to the Optionee.

9. STOCK EXCHANGE RULES: The rules of any stock exchange upon which the Company Common Shares are listed shall be applicable relative to Options granted to Optionees.

10. AMENDMENT AND DISCONTINUANCE OF PLAN: Subject to regulatory approval, the Board of Directors may from time to time amend or revise the terms of the Plan or may discontinue the Plan at any time provided however that no such right may, without the consent of the Optionee, in any manner adversely affect his rights under any Option theretofore granted under the Plan.

11. EFFECTIVE DATE AND DURATION OF PLAN: The Plan shall remain in full force and effect from the date of Shareholder approval hereof and from year to year thereafter until amended or terminated in accordance with Paragraph 10 hereof and for so long thereafter as Options remain outstanding in favour of any Optionee.
